DETAILED ACTION

After further consideration the indicated allowability of claims 2 (canceled), 5, and 6 is withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15, 16, and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 15 and 16, no antecedent basis for 'wrapping layer'. Claim 22, no antecedent basis for 'light material'.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 5, 6, 20, and 21 are rejected under 35 U.S.C. 102(b) as being anticipated by Jackson (5,695,409). Claim 1, Jackson discloses a golf club comprising a head, hosel, and shaft. The heel of the head includes through-hole, which inherently shifts the center of gravity. Claim 5, figure 2 illustrates the left side having a wide

portion and the right side having a narrow portion. Claim 6, figure 2 illustrates a wide upper portion and narrow lower portion. Claim 20 and 21, the limitations appear to be method steps of manufacturing not limiting the final product (MPEP 2113).

Allowable Subject Matter

Claim 8 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 13, 14, 18, and 19 are allowed.
